Introduction

This guidance is designed to assist post-primary school leaders of Voluntary, Community and Comprehensive Schools with finalizing tasks on eTenders platform after awarding the contract under the [Dynamic Purchasing System for the Supply of Schoolbooks](#) (DPS).

You can access eTenders at <https://www.etenders.gov.ie/>.

Further guidance documents and resources designed to help schools with procurement are also available on dedicated pages on [Department of Education and Youth website](#) and [Schools Procurement Unit website](#).

There is a checklist listing all the required steps in tendering process under the DPS. You can download it by visiting [SPU website](#).

Note: If you have any issues or questions, send those to the **dedicated Helpline** available at postprimaryschoolbooks@education.gov.ie or 01 8892089.

It is recommended to proceed with the below steps after the award and result letter were finalised and sent out to tenderers, and after the standstill period has passed without a challenge.

Note: Finalised results and award letters should be printed and signed. The scanned copy sent via email and a hard copy via post. Templates can be found on [SPU website](#).

1. Enter Offline Results

Log into eTenders and click on “Enter Offline Results” task on your “Task List”.

Figure 1

That will open a page with an overview of responses and documents submitted by the tenderers.

Add scores as per results of the offline evaluation. The Overall Score for tender: must be in the range **0 through 100**. If your final scores are between 0 and 1000, calculate percentages.

Those can be inserted with decimal points. Sign for percentages “%” must not be included.

Figure 2

Leave all **compliant (valid) submissions** with “approve” selected.

Only submission that were deemed **invalid or non-compliant**, should be marked as **“rejected”**. Scores for all valid tenders: both **preferred and unsuccessful option(s)** should be **“approved”**.

To mark non-compliant submission as “rejected”, click on the arrow to open a dropdown menu and select **“reject”**.

Figure 3

If all is correct, click on **“save as final”**.

Figure 4

A pop-up window will appear. If all is correct, click “ok” to confirm that the results are final.
